Wishwa

enterprises

Wishwa Enterprises is a specialized E-waste Recycle Enterprise in Sri Lanka setting standards with its ground-breaking and environmental recycling practices. Founded in 2008, we started this enterprise to eliminate the intricacy of electronic assets management and reutilizing process. Our goal is to deliver a simple, upfront, clear and ecological way to reprocess and handle your E-waste and Electronic equipment. With the help of our 15 in-house workforces, we have recognized the prospective of e-waste and offer a completely new life and approach to it. Concentrating on transforming the e-waste into something valuable,

we manufacture 20-ton recycling plastic products every month. In the course, we undertake all the processes to guarantee that our customers are not dissatisfied and they get the full value of their buck. With the progressive, innovative technologies, capable and dedicated staff and an everlasting obligation to the environment, we wish to deliver better value to our customers.

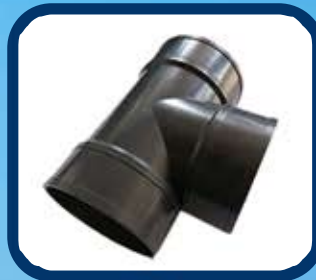

VISSION

Our vision is to become a leading plastic manufacturer in Asia Market. We strive to protect our Mother Nature with E-waste reusing and recycling through act based on exploration and public cognizance.

MISSION

- To stimulate e-waste awareness and uphold the course of reduce, reuse and recycle
- To protect the nature for the forthcoming generations
- Supporting direct and indirect employment opportunities in the country
- Developing ingenious solutions for chief ecological issues
